Fax No.: (281) 895-0873

To : **SPDC Ltd. / Mr. VEDAT SAYGILI**

Date : **May 17, 2005**

When seeking just the right pipeline construction/oilfield employee to fill an important position, my company has found Vedat to be the ideal supplier, whether it be welders, engineers or rig hands. This company is specifically designed to place qualified staff in the oil, gas and petroleum industry in both hemispheres. They deliver worldwide recruiting solutions by combining the expertise of pipeline construction/energy/oilfield savvy recruiters, the efficiencies of the Internet, and an established market presence.

I have found that their goal is to make it easy for employers to reach qualified professionals and to hire the talent they need by connecting job seekers and employers using a common ground of pipeline industry classifieds. They accomplish this by putting jobs in front of candidates, wherever they are worldwide. Employers such as TPWS Inc. can attract qualified employees for International work with continuously updated listings.

They are, simply, *the* experts in recruitment and employment services in the oil and gas industries.

**Robert Teale, President**
